About

The Staybrite slow moving racks are manufactured in New Zealand from 1.5mm thick stainless steel in commercial grade 304 in a No. 4 finish. They are 511mm deep and available in standard lengths of 525mm, suitable for 1x 500x500mm dish rack and 1050mm which will hold 2 x 500x500mm dish racks. The rack is angled at 105° from the wall to facilitate easy loading & unloading. Custom lengths to suit your application can also be manufactured (consult Staybrite). They are of top quality & ideal for use in busy commercial kitchens, restaurants supermarkets, cafes and rest homes. These will create that extra storage for those slow-moving dishes in your busy dishwash area.
